ABOUT INAXSYS

Inaxsys is a manufacturer and reseller specializing in innovative video surveillance technology and solutions comprising of megapixel IP and HDCVI cameras, servers and storage, video management software (VMS) and related network transport systems such as PoE switches, media converters and encoders.

The modern physical security landscape is converging and has become network centric and IP focused to take full advantage of efficiencies that can be used to drive business excellence and safeguard information and assets. This shift in approach has shaped Inaxsys' priority of offering open architecture solutions that take full advantage of investments in information transport systems (ITS) for vertical markets such as education, healthcare, government, financial, commercial and industrial.

Inaxsys is headquartered in Montreal, Canada with distribution in the Americas and Europe. For more information about Inaxsys please visit our website at www.inaxsys.com.
